NEXUS CORP

# AI-Driven HR Transformation

AI automation reworked recruitment and onboarding for a workforce of more than 10,000 people.

**Key Outcomes**

- 40% reduction in time-to-hire
- Recruitment and onboarding automated at 10,000+ employee scale
- Retention outcomes improved alongside process speed

## Business Context

Nexus Corp needed to accelerate hiring, reduce process friction, and improve retention outcomes across a large distributed workforce.

## Agentix Labs Solution

Agentix Labs automated critical HR workflows and decision support across recruiting and onboarding using bespoke AI systems.

## Implementation Highlights

- HR workflow automation
- Recruitment operations redesign
- AI-assisted employee onboarding
